

Synopsis: A failed diner owner organizes a contest for women in bikinis to parade and participate in sensual games to entertain the public while selling a batch of drinks to cash in and get out of the red box, meanwhile Benny and Bug, two young hooligans, only think in getting laid. Three boys are also part of the mess like collecting panties and playing video games.

Scene 2 - The cafeteria tables. We will make the recognition of the cafeteria to the camera slides through the environment showing the routine of the waitresses, with a typical waitress shirt, slightly open showing the bikini that is underneath, and a short skirt. The camera gives a beautiful angle when Miranda a very naughty waitress bends down to pick up a box of mineral water that is on the floor allowing the ass to stay up, showing the panties underneath the mini skirt. A very innocent and exciting scene for sure! Cindy is taking orders at the table. With the same background music, the scene focuses on a small group of boys arriving by bicycle along the narrow bike path that divides the space between the edge of the beach and the street. Nick the youngest boy had just gotten his bike for Christmas so it's natural to lock it. The other friends didn't care so much about safety. "Safety first," he said, commenting to his friend in the superhero shirt. Maybe in this story we will know the name of this boy fan of comics and super heroes, whenever he appears on the scene he has an article that resembles characters from comics, movies, culture that we know today as geek.

They wait for Nick to lock the bike, keep talking, smiling up to the counter and order the usual, the waitress who serves them smiles at them, she is the younger boy's sister. Youngest boy: - Hi sister, we want the usual! Cindy, the waitress: Hello Boys. Fattest boy: - Hello Cindy, this is very hot! Are you going to participate in the bikini girl contest too? I vote for you. Cindy responds: You're very fussy Duck, looking for girlfriends your age! And with a little smile on her face, she answers:-But thanks, but I won't participate, this is only for girls who just want to be showing themselves to men. Duck is a charismatic chubby, always eating a chocolate, likes to praise all the pretty women he meets and the ugly ones looks for some possible quality to stand out. Cindy takes the soft drinks to the table next to the arcade machine. Looking at Duck, she points wordlessly at her colleague who puts the headband on, and puts on a camouflage vest.

Duck just whispers. - Rambo.... Cindy makes a sign with her mouth, and scene nodding as if she understands. The scene focuses on Jones. Jones, is a short man very similar to Danny DeVito, owns the cafeteria and is very optimistic about the event. Looking at the fridges he knows that the strongest profit is from drinks in which the fridge is empty, opening and slamming the freezer doors he sees that the beer supply is running out. Every slam of the refrigerator door is only heard. Shit!..Shit! Cindy, taking two beers from the fridge to serve, notices her boss's distress. - We need more drink boss. - I know an event without drinking, it's not an event. She quickly decides to call on the phone, approaches and see Juanito answering a phone order. - a refreshment bien frio, a papa, no, of refreshments and a olla de papa. Habla más despacio, I don't understand what you say. Jones as if waving go, go. Juanito nods, hangs up the phone after placing the order. And Jones Immediately takes the phone from Juanito. Juanito takes the order note. The camera shows Juanito preparing the snack. Jones Calls a supplier:

- Ruy, I'm glad you answered, I'm Joe. - Yeah Joe from the diner. And I'm planning an event here, did you see the message I left you? Yes I'm telling you, give me the drinks and I'll pay you on Monday, I've done an advertising banner, the girls are signing up, there will be a lot of customers, yes I know I owe it, just one more delivery, the season starts this weekend , I need more beer, more drink. - But of course... Wait a minute, Ruy, another call, wait a minute. - Jones. - Mr Jones, this is your bank manager I'm calling, to... (beep...) Jones is owing a large loan to the bank, he doesn't have the resources to pay it off at the moment due to difficult times leading up to the season. So he cancels the call, going back to the liquor supplier. - Ruy, seriously I need two hundred cases of beer and lots of drinks. Guarantee, for me! This event is going to explode, I need it for delivery by Friday. I hired a DJ, this event is my big game, I'm investing what's left of the cafeteria in this event, really, I'm counting on you, the check will be in your account very early, I really need the drinks, thank you Ruy, it'll be great! He ends the call, looks at the counter, and places his hands there as if grabbing fate. Smile. The boss walks close to the fridge that is on the counter: - Juanito, who was leaving to deliver the snack, is interrupted by the boss's order. Juanito! I want another fridge here. - Two refrigerators are better than one, I want a lot of cold beer this weekend! - Si Señor!

The "usual"... It's a soda, and an arcade token, the waitress opens the soda bottles and after giving the arcade tokens to the boys, they approach the video game machine below the arcade board and the arcade next door. This is not an exclusive film about video games, but the essence will be games of the time, beautiful women and beach. If you think that this adventure will be like Goonies you are also wrong, companionship and friendship will be essential, but we will not have pirate ships and much less treasures in this story. The movie poster for the film itself is attached to the wall, where you can read: Gooni... The youngest boy starts the game while the other friends drink sodas, in the meantime you can hear the special effects of the game, while two more teenagers enter, Benny and Bug, two chatty college students, who just want to have fun, arrive taking space, talking loudly and sitting at the table. The boys who are waiting in the video game nudge their friend who is playing with their elbow when they learn that these two rascals are in the cafeteria. The disgruntled countenance of Nick the waitress's brother is evident and the video game's game over reflects how uncomfortable he is with the situation.

- Look at your girlfriend - Pointing to Cindy, Bug calls his partner's attention. Bug is like the friend of the hippest, messiest guy in school, Bug is the bug of the duo, he doesn't have his own mind, he's a doormat to his mentor, idiot Benny. He supports everything Benny, the bastard that all women want to give. - What a beautiful ass. - After a laugh Bugg, making an obscene gesture with his hands simulating a sexual attitude, she still doesn't know, but she'll be my girlfriend: - Hey Cindy, why are those clowns putting on that banner. - Can't you read Benny? We'll be running a contest, bikini girl, the winner will win a prize. Benny makes a two-informed gesture. - Give me a kiss I vote for you Cindy, give me two beers. - The girl looks up to the sky, and pours them two beers. She picks up the beers to set the table and replies once again that it's for a summer vacation

event the diner is hosting, and she doesn't intend to attend. - I have no intention of running. And I don't need your vote. This contest is my boss's idea to promote the diner this summer. - When placing the second bottle on the table Benny holds in the girl's hand, she is reluctant. -Take your disgusting hands off me, you don't have a chance with me. -You stink of fish. Bug chuckles, but Benny glares and he stops. Cindy lets go of his hand effortlessly, turns around she takes the menu that is on the table. - Just take your beer and get out.

Duck is still enjoying the game and his teammates notice he's a bit uncomfortable. - I need to go to the bathroom, it's so tight! Fast! Hold the joystick here. -Be careful not to lose! - Hurry up! He goes to the bathroom, but he doesn't notice that he enters the feminine. The scene shows a beautiful girl in a bikini gets up to go to the toilet, enters the bathroom and sits on the toilet next to Duck. The scene shows the relief in Duck having drained. The slam of the door reveals that someone else is in the bathroom. The camera scene shows only the girl's legs and her panties being pulled down. - Wow, this is out of paper. - Hi friend, pass me some paper. The female voice snaps at Duck, he's in the ladies' room. He passes the roll of paper under the door. And he keeps watching the girl's panties down. The girl gets up, pulls her panties up, the camera focuses on that part. And Duck runs out.

- I want to see you in a bikini too Cindy. Benny comments as he sips his beer. Looking at the girl's breasts Benny covets the nipples that are hidden inside the waitress' outfit. Benny also shares glances with Miranda the naughty waitress who darts him with a glare and just smirks and runs her tongue between her lips. At the same time Cindy walks Benny lifts her skirt revealing her pink panties with the round bottom.

- Let go of me Benny, go find your whores. - Totally embarrassed Cindy reprimands him by lowering her skirt. Miranda, Cindy's co-worker, puts her hand over her mouth, amazed at that situation, but still notice the sarcastic smile.

At that same moment, Nick, who had also witnessed the scene, infuriated throws the soda can at Benny's head: - Let her go, you clown! Miranda just starts eating a brigadeiro cake very calmly as if she were watching a television show.

The three boys run away. Benny yells:

-You little brat, I got you! Dropping the beer on the table Benny and Bug get up to try and catch up with the boys.

- Run, get the bike! Duck screams the fattest boy, almost out of breath.

- There won't be time to get it, I've padlocked, They're getting close!

-Superman wouldn't have that problem, he would already fly away. Says the boy in the super hero shirt.

- Let's go Jhonny Quest!

While they only run with bicycle days. Nick climbs on one of them with his feet on the support that exists on the back wheels of his friends' bicycles and they manage to escape, but Nick's new bicycle was next to the cafeteria, on the iron bar with the lock.

Knowing that Benny won't be able to reach them, he just screams in disgust through the bump on the back of his head, and at the same time he manages to break the bike's lock with his foot. His bike is now my brat! I'm going to eat your sister! He throws the bike into his old truck. And he goes back to the cafeteria.

- Leave them alone, look at their idiot size. With crossed arms Cindy replies to the bullies.

- Calm down, Cindy, they're just boys, I know it was just an innocent joke... Nodding as if he didn't care about the situation. But as he looks at Bug he makes a gesture that indicates violence by punching one hand in the other. Bug just smiles. Juanito and Jones are bringing more boxes of drinks.

Cindy goes to answer the orders, passing by Miranda who is filling the ketchup jars, Miranda just smiles falsely at her friend, looking teasingly at Benny shakes her hair, puts Ketchup between her lips, moves her tongue and passes Ketchup between her breasts, because the shirt is between open. Benny smiles, sips his beer enjoying the scene, and as he finishes his beer, Miranda discreetly offers her phone on a napkin to Benny. Benny doesn't say anything, just grabs his napkin and leaves with his friend.

The boys are still running along the edge of the beach.

- He took his bike!

- That clown!

- Have you ever thought about him being boyfriend with your sister? - Never!

Scene 3 - The boys arrive breathless at Nick's house, he thanks him for the ride. The friends say goodbye to each other friends and enter the house. - Don't forget, you come at night, let's watch Invaders from Mars. Do not Forget. - Nice! Everyone agrees.

Scene 4: Cindy wraps up the day by putting some snacks in the pack to take home. Miranda starts a conversation with Cindy. - So nothing happens between you and Benny? - Don't roll, he's too silly. - Wow, why all this tantrum? - I told you, he's an idiot, he just wants to play with the girls, he's very irresponsible. Did you see how he looked at my breasts? (Cindy) squeezing them. - He's a bastard! - Nice friend even! Miranda responds by making a face of misunderstanding, popping a bubble of gum. - Good evening, Señoritas. Juanito says goodbye to his friends at work, accelerating his scooter. All say goodbye. - Well, see you tomorrow! Bye!

Scene 5: Movie Store.

Imagine a movie store, with shelves full of movies, classics, the best of cinema at the time, cartoons on VHS. In this scenario are the three boys, the chubby one called by the nickname Duck is taking from the snack machine his favorite cookies for the "home movie" night. The boy who likes a superhero outfit is already wearing another t-shirt with the emblem of another favorite hero. He already picks up the desired movie for the night from the fiction shelf. Among so many movies on the shelf, I would also highlight the film by a much loved ET at the time that enchanted thousands of children, and the best stellar sagas. But the film intended by the trio is the night of "cinerama" with the Invaders from Mars.

The scene quickly focuses on the clerks at the video store. Mites in front of the computer, where the screen looks like a blackboard, with just a blinking dot, what a computer technician would call a command prompt.

The video store has two co-workers, Mite and a very pretty girl. - Sandy - Is replacing the tapes that were delivered on the shelf.

The three boys sneak up to the counter to deliver the tapes to the clerk, yes they are tapes, at least four little movies were chosen. The chubby guy looking sideways as if hiding something, stumbles over a Chuck Norris cardboard display, this Bradock cardboard "totem" is quite typical to promote the film, as it portrays the artist in life size. The boys deliver the film to the counter. The store clerk is the young man known by the nickname Mite. At the same service desk this other girl. Sandy, a nymphet, pure temptation in a skirt, pretty face with sardines, hot mouth to kiss, and the red lipstick she's wearing, incites even more, her twinkling eyes and long eyelashes are fascinating enough to attract any man like a easy prey.

Sandy is not only beautiful but naughty, she is always rubbing herself against Mite. She goes to serve a client next door, rubs her butt on her friend, if she comes to the left, she pushes her breasts up and rubs herself on her friend from work, a temptation. But Mike is not interested in her, Mite is a young man who has a secret, true crush on Cindy, the waitress. - Let's rent these. In an imperative voice Nick delivers the four tapes, with some somewhat adult titles. The attendant laughs briefly, and stares at the totally

restless boys, who find themselves looking this way and that, with that feeling of eyes watching them. Mite takes the tapes and passes through the eyes one by one, separating the ones he would allow to take and the ones he obviously wouldn't, citing their titles: the greedy AmberAroused..., the ardent Emmanuelle... Making a face of astonishment and looking at each Mite boy complements: Delicious Nymphets... Here's a release, NewWave Hoo, and finally Invaders from Mars..

- Duck? Mite interrogation

- Almost saluting, icy as an icy statue, Duck stammers. - I only chose Emmanuelle...

- Wonderful boy, I'll tell our mother.

The boy wearing a superhero shirt, comments in a different voice: - On-board computer stellar date... I knew it wouldn't work and puts both hands on his face, embarrassed.

Calmly explaining to the boys Mite replies. - This is very serious boys. The right age will come then you come and get the beauty tapes, today only the "invaders". As far as it goes, Mite is well respected by the boys, of which they agree. After they get the bag with the tape. Mite asks the younger boy: - Nick, do me a favor. Send a kiss to Cindy, ok. Here we already notice that Mite has a crush on the waitress. Sandy just glares at her colleague, jealous maybe, or just a sense of ownership. - Why don't you tell her that yourself, I'm not carrier pigeon! - Run fast or you'll lose to Benny! Replicates his own brother, yes that boy dressed as a superhero. - Leave me "Super Mole". Mite responds.

As the boys leave Sandy asks Mite for help, when Mite approaches he notices that Sandy's shirt is open. Sandy takes Mite's hand and places it between her breasts, stroking between her nipples. Mite says he's not in the mood. - I'm not in the mood Sandy. - I can't believe you're thinking about the "all right girl"? The waitress? - She's a nice girl, I like her. Sandy just takes a deep breath and pulling his shirt reflects. How to get the rival out of this game?

Scene 6: Home of Nick and Cindy, the waitress.

Boys passing by the room greet Nick's parents a couple making plans for the weekend trip, they have bought a travel package and are arranging the bags.: - I arrived mom, dad. Good night Mr and Mrs Banks, say the boys. Ninja's greeting is the Vulcan greeting sign, Nick's mother just looks, they're used to the unpredictability of this friend of her son. - Popcorn night, yeah... Good fun, boys. - When we're out, I don't want a mess here! In a louder tone Nick's hand says: - Nick, don't forget to wash the dishes and take out the trash! - Nick just nods.

As the boys go upstairs, his father grabs some wine and puts it in the suitcase full of clothes. - I can not forget!

In the meantime, Cindy's bath steam reveals her beauty, her beautiful feminine features, as she passes the pad over her breasts, subtly showing her nipples and the camera switches. Bringing us to attention to popcorn pops

-More popcorn! They put the last package ready in the popcorn bucket, well fed, overflowing with popcorn. They come up eating popcorn. While walking to his friend's room, passing by Cindy's room and passing by her room, Duck manages to peek through the open door and watches Cindy drying herself and lowering the towel, Cindy's butt is showing for his delight. when she puts down the towel, as she has just dried off. Nick suddenly pulls his colleague by the collar, taking him out of the rage of the provocative scene.

- Damn Duck, behave yourself! Replies the girl's brother.

- I'm in love. Duck comments.

They put the tape on the VCR and prepare for the popcorn session.

- Are your parents traveling?

- Yes every year in the summer they plan a cruise.

- That's just you and your sister

- IT'S

- You can go to my house and we can play River Raid!
-Tomorrow I'll call you!

On one side of the room we can see toys such as a magic cube, puzzle, poster of the STAR WAR movie, video cassette tapes, a stereo with several vinyl records, comic books and on the dresser a photo of the two brothers, right beside of a vase. Lying on the bed, Mite sighs looking at an old photo that is hidden behind a poster of an alternative film actress. He between opens a corner of the poster and removes it. She momentarily lets it go, but pulls his hand away, saying no now. - Not now Benny, um. It can be seen that Miranda is very aroused, her pink cheeks betraying her treacherously. Miranda doesn't want to look like a bitch, but in the second taunt she pops her nipples out of her bra herself. Now it's party time.

Scene 8. Boys talking at night

Very crazy the movie, man were I was going to use a lightsaber, it was going to hit right in the middle of the alien. The boy dressed as a superhero moves his hand as if using a lightsaber. Nick already imitates the classic scene, the last blow in the fight tournament of the movie Karate Kid saying: - I would already give a death blow!

- I want to watch it again! - It's time to go, see you later, see you! Nick's friends leave, running on their bikes, a few meters ahead, near the palm trees on the beachfront, they see Benny's truck. They get closer and notice that Benny is lifting Mimi's skirt, stroking the girl's thighs as he kisses her, just signaling and turning back to warn his colleague.

- We have to warn him.

- Yes, we can take the bike, it's still on top of the truck.

- Nick. Nick! Wake up fast!

- What's it?

-We saw his bike, let's get it!

- It's two blocks away! Get up there!

The three set out for the impossible mission. Yes if you could imagine the boy fan of geeks starts humming the theme of mission impossible: "Pan panpan tchururu..."

The boys calmly approach, Nick climbs very quietly into the back of the truck and manages to get his bike out of the back. They are ready to go out, all mounted on bicycles. Nick whispers, get ready to run! The friends signal that they are prepared to flee. Nick watches the couple in a party mood and just as Benny goes to honk Mimi's boobs, the little boy who had his bike stolen follows the footprints by blasting the bike's horns. - Foomm Foomm!

In a comical situation, Benny, even though he is still a little confused, squeezes Miranda's breast once more, who is still ecstatic. And in perfect sync two more shots. - Foomm Foomm! The sound alarms Benny, he looks to the sides of the window and at that very moment the boys go off like lightning! - Little brats! He opens the vehicle window and yells to the boys who are already a considerable distance away I still get you brat. - Take me home, Benny. Miranda asks Benny as she puts on her bra.

-We're just like Flash! Comments the boy who loves super hero, pedaling like a marathon.

- You saw his face, (Laughter)

The boys laughing and greeting one by one, contemplating the success of the mission, go to their homes.

Nick lays down stretching and smiling, revenge was deserved.

The boy who loves superhero comes home, finds his brother half asleep on the steps of the bed and hanging him whispers in his brother's ear, asking if he told his mother about the pornographic movies they intended to pick up at the video store.

- Mite did you tell the mother?

Murmuring from sleep Mite replicates. - Go to sleep spider boy, I didn't tell you, brother is for that. - He gets a hug, comes out of the swamp boy, lies down and goes to sleep, he plays.

Kisses. - Kisses Mom, good fun, good walk to you, I'll get up. In a moment the alarm goes off... Beep, beep, beep.

Scene crossing game: At the same moment that the alarm clock goes off, the husband presses the car horn, - Come on love! - Cindy's Mom comes down the stairs. Through the window Cindy says goodbye to her father. - Bye, if you have fun! - Kisses love, we'll be back soon! - Cindy says: - soon? It will be four days and three nights, have fun!

Time: 10:30 am

A few moments later the scene focuses on Cindy combing her hair only from underwear and puts on her red-striped waitress uniform: - Nick, I'll go earlier, I have a lot to do in the cafeteria, wash the dishes, I know Mom sent you! - The sink is full of dirty dishes and glasses, and there are also leftover popcorn from your party. - But Cindy, I have to leave, too, I have to deliver the videotape I rented, we've already seen it! - Cindy, who was already on her way, returns and says, take the tape and I'll give it back.

The boy runs to get the tape, Cindy looks at his watch. Nick arrives, panting that he would like to spend the night at his friends' house to play video games. - Cindy, can I play video games at Scooby's house today? - Who is Scooby? - My friend with glasses fan of comics. - You don't call him by his name? Only nicknames? - Nick just makes a gesture of not knowing his own friend's name, after all they've always called the boy by his nickname. - After washing the dishes, yes you can. (Brothers hug).

Cindy arrives at the video store. Attendants Mite and her co-worker Sandy notice the arrival. At the same moment that Sandy was going to answer it, Mite cuts her in front of him. - Leave it to me. - This one offered, all right, these are the worst. mumbles Sandy. Mite continues with the cheap chat. - Did you watch that movie? - It's not my brother who likes it, I like romance better. - While Cindy moves her hair, the two exchange looks. - I like adventure, but I do romance. - Maybe you can make it happen, oh, I can't believe I said that. (Laughter, very embarrassed). Okay, as you delivered the tape today, it's a dollar for the lease. - I didn't bring my brother, I didn't say anything. - Do it like that, but later I'll have a snack with you and we're even, maybe. - Combined. In the meantime Sandy catches the lovebirds' attention. Sandy in a round mini skirt lifts her skirt a little, being in a sensual pose, points to the bikini girl poster that is hanging on

the wall. - Compete with me Cindy. - I will not participate Sandy, good luck. And she withdraws. Cindy is no longer at the establishment when Sandy says: - You know you would lose. Sandy approaches behind Mite touching her breasts: - You're going to vote for me, right love? -. Mike just stays silent.

The boys come to Nick's house to call him.

-Nick let's go!

-I can't go out now, I promised to wash the dishes.

The boy in the super hero shirt with the Zorro mask says: - One for all, and all for one!

Duck says sarcastically: - I don't think this phrase was said by Zorro at some point in his career.

They start washing the dishes, one soaps, one rinses (Nick) and the third (Duck) does. ♪

Cindy's boss comments. tion to the establishment. - Hi Cindy and hey video store kid, (greeted with pats on the back) I'll return the tapes later, I haven't rewound them yet. -

Easy Mr Jones, deliver when you can. -Beauty boy, enjoy and try to convince this girl there to parade in the contest. Cindy just waves her little finger, no and no, Mite smiles.

Jones noticing that the "house" is full (of girls obviously), and knowing that a lot of beer and drinks have arrived, rushes to be a good host of the contest. - Girls! Girls! Who will

participate in the bikini girl parade! Only half a dozen girls raised their hands. - Finally Jones screams! Whoever participates in the bikini girl contest the beer round is on me!

The class cheered up and in a frantic scream all the girls got up and the boys too, lifting the girls on their shoulders! One of them lifted her shirt and, being without a bra,

showed her breasts! Even Miranda started drinking beer. "We're working Mimi," Cindy replied. - I'm going to participate in the parade so I can drink yes, as you are boring, it's

Girls line up to register for the event. One day to go before the event. The waitresses are busy taking orders. To the delight of the cafeteria owner, the loading of drinks and beer arrives.

-Sign here. There is a low dialogue for the delivery of drinks, this scenario is in the background, while the soft drinks, beverages and beer are unloaded to the event location. Jonas and Juanito put the beers in the fridges.

The two waitresses continue to serve customers. Juanito, please, two orange juice for table four. - Juanito? -Señorita. Washing his hands Juanito stops putting the beers in the fridge to prepare the vitamin. The environment is couples talking, beautiful girls are part of the scenario.

The scene moves to the beach. As they walk, a girl approaches and kisses Benny on the mouth. - Are you going to vote for me bikini girl, Benny? - Of course baby. Another girl in a very loose bikini, showing the bumps on her nipples, asks Benny to put suntan lotion on her back. Benny just answers. - Afterwards, babe. The friends laugh among themselves, the girls' mouths get cold, drooling the ice cream in their hands, eat if it was a child who ate and didn't like it, the scene offers a nice angle of the little mouth.

Benny and Bug enter the establishment. They greet their friends and sit, hugging the girls. Bug hugging Peggy, she takes his hand away, he doesn't really get along with girls, or maybe he needs more confidence, understand how this flirting game works, or would it be a "cat and rat" game?

Peggy is a pampered girl with ponytail hair. Little mouth with pink lipstick, and pink bikini. A girl-girl, a girl-woman. Your rosy cheeks possibly being naturally reddened is it a touch of makeup? Breasts that look like two little melons wanting to pop out of their shirt. Bug while having a beer has a small glimpse of this delight, he is in a privileged position that can see the girl's breasts on the side.

At the table sits Benny, Bug, Peggy and Susie a more mature blonde, charming and equally naughty.

Benny whispers something inaudible into Susie's ear.

I want to see you only in a bikini, in the contest and naked in my bed - Benny complements taking another beer and stroking Susie's face. Bugg just sips his beer with his eyes glazed over at Peggy's breasts. Always glancing so as not to be noticed, very subtle, barely noticeable until Peggy notices, and puts her hands to her chest as if protecting her nipples from a milksucker.

Miranda hugs Benny from behind and says she's going to compete for the bikini girl, Susie comments, - May the best friend win. Benny bends to the side pulling the girl onto her lap. - Hey, Benny! With a very sly voice Miranda surrenders to Benny's whims. -Aff what girl offered, says Cindy. Benny pulls Miranda up and slaps her ass. - The naughty girl likes it. And Benny punishes her butt by turning it red. As Bug is also enjoying the scenery, Susie covers Bug's eyes. - You won't see this bitching; she says. (laughter). About an hour later it's time to cut this mess, says the owner of the establishment. - Enough of beer. Open bar is over! Tomorrow we'll turn the night away, but today it's game over! Benny and Bug, along with the girls go for a walk on the beach. Darkness is illuminated by points of light and stars. - I'm really crazy, I want to make love now. I want sex! Says Susie taking off her bikini and getting a top less. She starts running and Benny catches her throwing her on the floor and kissing her sucking her breasts. Peggy also starts to run away from Bug, but as she is a little more reserved she doesn't take off her bikini, Bug catches her, wheeling her in the sand and leaving the insecurity aside, kisses her. The next scenes are sex on the beach!

Time: 20:30

Mite arrives to pick up Cindy, she gets in the car and they go to a spot to enjoy the beach. Sandy recognizes the car and sees the couple together as the car passes the headlight. - Tramp. You pay me.

After a quiet night together: - Tomorrow this is a mess here, we will have tourists, and we will have the girls parading. - Don't think about it now. (Kisses). -Let's go. - Yeah. When Mite gets home, he leaves her at the door. - It was nice being with you. - Do you want to login? I'm alone today, I don't like being alone. My parents have gone away and my brother will be spending the night at friends' houses playing video games. - Mite gets the message. They walk kissing to her room, they take off her clothes, and pat her over the lace bra Cindy is wearing.

Time: 20:40

Change the scene:

Nick and the boys are playing an Atari video game and laughing. The scene focuses on the sex scene from the perverted X-Man game. The scene hints at what's going on with Cindy and Mite.

Time: 08:00

Dawn the lovebirds are in bed. - I'll prepare breakfast for both of us, if you want to take a shower there are dry towels in the bathroom. - Yes, take a shower with me. (laughter). They go to the shower. He only in shorts and she in a nightgown.

The scene focuses on several curious people on the beach. Benny, Bug, Peggy and Susie slept naked on the beach. The curious eyes wake them up. Benny opens his rheumy eyes. The girls scream and cover their breasts.

Mite gives Cindy a car ride and drops her off at the diner. - What time will the contest be? - At 18:00, are you coming? - Yes, I will close the rental shop earlier, I'll be here.

Hours: 12:00 - 13:00

Passing the scene. Scenes from the beach. Pretty girls exercising, opening and lowering their legs, sideways, another gang playing beach volleyball, some playing with dummies, girls sucking on ice cream, Back to scene Mite is in the video store, arguing with Sandy. - What did you see in that girl? I don't like you? I thought we had something special! - Running his hand over his head as if he were unraveling. - You are a very pretty girl, but not from chemistry. - I'm liking Cindy. I hope she can understand. Sandy grabs her purse and exits the video store. - And where are you going? - Spend the afternoon thinking about what you're missing, I'm going to the contest. - When it closes I'll be going too! - I do not care!

- The beach is very busy señorita. Juanito comments as he prepares an order (drink made of drinks) and gives it to Cindy. -I don't believe it, Joe starts to mumble while watching the beer. He takes a bottle and another and another, they're hot! The beer is hot! Juanito the beer is hot! -I told you boss the refrigerator is not holding. Juanito discovers the defect the wires behind the refrigerator outlet are heating up, showing the copper in the power cord. -Look at the state of the Juanito refrigerator!- I'll try to get a boss. -In the pantry, bring my tool bag. - Juanito runs after tools in the pantry, moves the Ketchup drums away and finds a small suitcase, he tries to straighten the wires.

- The boys arrive, pull over the bike, enter the cafeteria, and pass admiring the beautiful girls that are circulating around the room. The trio asks for chips to play video games, that is, they asked for the usual. Nick, and his two friends are playing video games. Duck is next to a girl with a very round butt with the soda shaking, while admiring her little ass, after all he is very close to the girl who is leaning on the counter. - I don't leave here anymore. The girl turns the camera fire is only in the bikini, the sexy parts and curves of the girls who pass by Duck. - I think I saw paradise. The character fan boy is wearing the Karate Kid sash and another character shirt. Duck continues to vibrate with ecstasy as if sticking his tongue out and letting his soda run out, which is slightly overturned. Nick loses his turn and passes the move to Duck.

Here are some precise moves, joystick movements, a few seconds on the game screen score, in the meantime the camera focuses on some customers complaining to Cindy that the beer is hot. - Where is Miranda? Ask Juanito. - Miranda is changing for the parade, she will also participate. Scene focuses on Miranda changing beside a dressing room for girls made especially on stage. Next to the cafeteria. Sandy also arrives at the scene and changes as well. Also arrive the naughty Peggy and Susie and other supporting girls, getting off the car of Benny and his companion Bug, after a kiss on the mouth they go down. Equally beautiful and tasty, the camera focuses on them putting on bikinis, squeezing their hips, squeezing their ass to be very tight. Sandy pinches her nipples and puts on her bikini, she wants the headlights to stay on bright. Meanwhile the refrigerator works and stops. -Still this with bad contact boss. - Juanito see if you can fix the fridge, the beer needs to stay cold, fix those wires! I'll make the call to start the contest!

The scene quickly switches to the video store. When a customer arrives, typical of the videotape delivery scene, he observes and reads the sign. We close early, Deliver tapes later at no charge. The customer just looks at the information on the board, not satisfied. Change the scenery, and we see Mite arriving at the cafeteria. He enters disentangling himself from several girls who want to kiss on the mouth, one even comes and takes off her bikini, swaying towards him, Mite just pushes her away. - Cindy is crazy here! - Where is your friend? . Miranda will participate in the event, she will not be able to attend. If it's crazy now, imagine after the contest! Girls dancing, swaying, girls, rubbing each other with friends. - Duck is subtly untying the bow of a girl's bikini, but she puts her hand behind the piece. Peekaboo! What a cheeky little hand, you have a kitten! The blonde is very hot, she leans down slightly and gives a little kiss to Duck, he just observes the beautiful papayas she has. Keeping low, the blonde comments and soon after also receives a compliment from Duck. -A cute and cheeky boy like that will get a little girlfriend soon. -Thank you you are also very beautiful.

Cindy passes between them. -Behave in boys! - Yes of course!

- You only saw that girl's breasts!

-Big ones, it looked like two papayas!

-Now I'm going to see the papayas in the market with new eyes...

Cindy passes between them. -Behave in boys! - Yes of course!

Joe draws the audience's attention: - Girls come closer. - I want the girls on this stage! Now it's going to start with the event, first we'll have the bikini girl parade. Then two very daring tests. The ice cream tasting, the tanning oil tasting, the gelatine! - Do you

want to participate? - Yes! They are ready? The girls scream with ecstasy, jump, wave - Get ready, whoever wants to use it, we have a mirror in the dressing room. Miranda who has just dressed up boldly warns the other girls. - People are starting to arrive, the cafeteria bar is full, some kiosks nearby are also very busy. Whoever is on the beach starts walking closer to the stage. Turning attention to the cafeteria, the boys are playing games when there's a sudden burst from behind the fridge.

The electricity goes out and everyone screams. The environment gets a little darker, but enough to see perfectly. The video game obviously stops working. - I was going to beat the record! - And I was going to lose! - Get more Duck soda. Duck walks and sees a girl in a mini skirt very comfortable on the chair with her leg in a position that allows her to see her panties, she is talking to her friend. Duck passes by once and takes a peek. The scene is the girl's face, the camera focuses, her panties, the scene focuses once more on Duck passing through another angle surreptitiously enjoying her panties, the scene focuses on her girl's mouth talking to her friends, focuses on an approximation of girl's panties, at an angle that we can taste how beautiful and sensual it is, and it repeats itself a third time, Duck passing by drinking soda admiring and peeking at her panties. The girl calls the boy. - Is it either déjà vu or are you passing me by all the time? - Why. - He speaks in the girl's ear. The girl puts her hand over her mouth, similar to a girl who is stunned by an indecent proposal. And this girl also comments in her colleague's ear, the two nod to each other in agreement; the scene shows the girls taking off their panties under the table calmly and discreetly giving them to the boy, ecstatic he takes and puts their panties in his pocket!

- What happened Juanito! - The refrigerator, boss, blown the fuses! Fix it now. Juanito manages to restore power, but the refrigerator has no chance of working. Juanito leaves this refrigerator turned off until we think of something. Can Cindy handle it alone? Miranda will participate in the parade too. - Yes I know! - I'll stay here with her Joe, help to serve! Mite comments. Joe just gives a thumbs up and goes back to the stage. With the energy restored by Juanito, who changed the fuses, they will sound it back. -Sound, sound. Excellent! Starting the contest Joe begins. -This is the first bikini girl contest, sponsored by the cafeteria Joe, I want to share this joy with you! Are girls excited? Yes! - A thunderous yes, is exclaimed. The girls jump in ecstasy, clap their hands, the cafeteria and the surrounding area are full of people. Cars parked with young people having drinks, girls sitting on car hoods, boys lowering Styrofoam boxes with beer, and sharing with friends. I want to see the contestants for this event. At least ten women take the stage. One hotter than the other. - We have several girls here, beautiful and fiery! You can parade there girls take a walk! The very immersive music and the girls parade, with each new girl who enters the stage, the scream of the crowd, Benny and his friend are also enjoying it, applauding the girls in particular Sandy, Peggy and Susie. The girls sway to the loud music, circle the stage. - Now we'll have the evidence! Juanito can now bring the ice cream, an ice cream cart is placed, for the girls. - Start sucking! They get their ice cream and start the mischief, even the best known girls from the beach Sandy, Miranda, Peggy and Susie are smearing themselves. Each one has to play with the ice cream, Miranda sucks very tasty and licks the ice cream living. The camera focuses on Miranda's quick, wet little lips. Benny is freaked out by the scene, it's really sexy. - What a hot little mouth. The crowd vibrates. It's Peggy's turn, she puts the Popsicle in her mouth and licks the juice that dripping leaves her mouth all luscious. Sandy gulps down the Popsicles like she's craving oral sex. Susie is also a heavyweight in the art of sucking, she already likes to go slow and really fast, then swallow everything. The scene partially shows the other girls, in the meantime they qualify as the most naughty and daring of the contest. The four girls who are already well known in this story are among the eight finalists.

In this short break, Benny asks Bug to go get some beer. Bug goes, gets the beers from Cindy, he complains that the beer is hot. - Cindy this beer is hot, isn't it colder than that? - Sorry Bug the fridge is not holding. But Bug takes the beer to Benny and Benny returns to claim them both. Seeing Mite at the counter he complains to him. Hey, doesn't "Video Boy" have beer cooler than that? - It was bad man, the fridge stopped working, there's only beer like that. - Dude, I can't take it. You want to return it, no

problem, it's your right. - Get some ice, turn around mine. Cindy explains that at this time there is no way to buy ice, they were relying on the fridge. Bug talks in Benny's ear, man your dad has an ice dump, bring some to the cafeteria. - Not screwing up. Walking with the hot beer for a moment of consideration, Benny turns around. - And if I bring ice, a lot of ice to keep those beers cold, what do I get with it? Cindy approaches. - What's the price?

The scene changes. The boys are among the various girls, at the bar, Duck arrives with the soft drinks. - Where were you gone! - You won't believe it. - Look at this. - They're panties! - Yes the girls gave it to me. - Like this? - I was passing by and the girl had her legs spread, I couldn't resist, I kept walking past her, and then she noticed. I had to say I was seeing her panties. She asked if I liked what she was seeing, then I said yes and asked if she could give me her panties for my collection. Then she and her friend took off her panties! - And they congratulated you on your new collection. - there are people who collect caps, comic books, records, you collect panties, I hope your mother doesn't find out! - I'll save it well! I almost forget... Duck tells his classmates that the girls charge a dollar to let me run mine on her legs. -Let me understand, those girls over there, they want a dollar to let me run my hand on her legs. At that very moment each boy takes a dollar out of his pocket!

-You do not have to do this. Says Mite hugging Cindy. -I have to, if Benny brings the ice like he said. - Joe is a good boss, if the beer is hot he will get stuck in debt. In the meantime it's just Mite and Cindy talking, what would Benny ask for? We'll know soon.

The boys are going to see the parade, and in a childish game, they are pointing to several girls saying. - My girlfriend, this is my girlfriend, the one in the red bikini is my girlfriend, - Hey! I spoke first! OK, he's your girlfriend, but her friend is my girlfriend then!

Benny walks past Nick and untangles the boy's hair, saying. - Hey boy, Uncle Benny here is going to save the party, and his sister is going to put on a little show for us! Benny and Bug sprint away with the truck, Benny's father has a fresh fish warehouse, he hopes to pick up some sacks of ice. - What are they up to? I have no idea. Admiring the girls who are on stage - Oh, look what a pretty girl. The boy with superhero fan glasses comments, look at that girl over there, I'm in love, she looks like Super Girl. The three boys seem lost in front of so many cats.

-How are sales at the Juanito cafeteria? - Okay boss, but we don't have more cold beer, the drink is hot! - Unfortunately I'm going to miss out on good sales. - Maybe not boss, Cindy made a deal with the fishmonger. - I didn't quite understand what kind of agreement these is... But.

The scene focuses on Benny and Bug loading the truck with ice bags from the fish store. -Will it be worth Benny to take all this ice? -Of course it will, worth any price for it! The scene goes back to the contest. Already more excited Joe invites the girls for the second test. Juanito brings suntan oil and a chair for each girl.

- The test consists of applying oil all over the body! The girls turn around as best they can, rub oil between their breasts, on their nipples inside their bikini, behind their buttocks, oil their legs and inside their panties. Serving as support with one foot on the chair One of the girls drops the top to the delight of the crowd, Miranda and the other three girls put their modesty aside, take off their bikini and apply oil to their breasts.

The three boys who are enjoying these scenes comment. -Wow, it's better than Playboy magazine. -I'm not feeling well.

The finalists are Sandy, Miranda and Peggy and Cassandra. Cassandra is one of the girls who signed up, very beautiful. Many screams of euphoria! - If you recompose girls, we will have the third and final test! Play a sound, for the break. Just then Benny and Bug arrive. - I missed something, are the girls still parading? - Where were you? Susie asks. -

We went to get ice! There's only hot beer here, and they're out of ice. -The girls are still parading. You're supposed to be here cheering, I didn't qualify, I'm not hot enough. Susie makes a naughty loser face. - Cindy now fulfill her part here is the ice. -I don't agree with that, she doesn't want to do this? - She has no choice, that's what we agreed. -Don't worry Benny, I'll honor my commitments.

Duck gets close to Susie who lost and didn't qualify. -I loved your essay, you should have won. Susie, every cheeky person says to the boy: When you're older I'll let you oil all over me, my kitten.

- Damn I wish I had seen the girls oiling them, but show business continues! Benny comments. - Juanito stays at the bar for a while, I'll see how the event is going and let Joe know about the changes. Mite comments something inaudible to Joe and goes back to stand by the boys watching the show. Joe would call the girls for the third round, but when he learns of this unforeseen event, he comments.

-Girls will have a small change. A competitor did not participate in time, and we wanted her to compete, too. She will take the two pending tests and compete with the finalists. Miranda and Sandy, are already imagining what it would be, and screaming it can't, it doesn't count! -I make the rules girls, you can! People enjoying the event, give it up for the last contestant, Cindy Palmer! - My sister? Nick comments. - Your sister? Both colleagues point to Nick. Benny and Bug frantically applaud the girl. To everyone's amazement Cindy enters dressed in a waitress outfit, not even her friend Miranda had entered in a waitress outfit. -This friend of mine is crazy, this one dressed as a waitress. Miranda starts to laugh. Sandy starts snubbing. - Get out my daughter, what men want is this. (Slapping his own ass). Mite just watches. The music starts. And Cindy does a striptease, very sensual, who would say that inside this girl's shy heart and beneath the waitress outfit would be a fiery, beautiful woman in a sexy red lingerie. The audience burst into applause. Benny stared, knowing Mite was dying of jealousy. Mite covers Nick's eyes. The girl continues the show, the first test that was pending is the ice cream. When she puts the ice cream in her mouth, and starts to deliciously lick the broth, the boys unconsciously drop their hands to their genitals, as if it were bad for the member not to jump out of his underwear. -What a naughty little mouth. - I knew these little saints are the worst! Sandy comments. In a hypnotic, sensual glimpse, Cindy finishes her ice cream feed. Duck comments - Oh my ice cream. - Cindy, Cindy! The little boy who likes superheroes skips the catchphrase: Cowabunga! Nick more agitated comments: - I want to see, I want to see. -Be quiet low, calm down Nick, you will have many girls to see. Miranda comments in amazement: - I didn't know you could do this with ice cream! - Cindy wipes her mouth. Joe is amazed too, did not imagine how Cindy could be so sensual. - Girls and boys, she deserves it, give it up to Cindy, for this exciting presentation, soon we will have a break and enjoy and have a cold beer! Now the oil test. Cindy starts with a beautiful show on the chair, her performance is very sexy and daring, she oils her breasts without being too vulgar, oil between her buttocks. She puts one leg on the chair then the other, sliding the fine oil over her thighs and shapely legs. Her breasts want to jump through her bra. Cindy pulls one of the straps, oils the inside of the cups, caresses her nipples and finishes by oiling her navel. Cindy with her sensuality qualifies for the third test. -Delight! Let's go La everyone the third tasting will be very lively, buy your beers and soft drinks! After the third test you will vote for the hottest bikini girl! In this quick break, the cafeteria fills everyone wanting drinks, Juanito almost doesn't care! Mite also helps in the sale of drinks. - They're already calling it's going to start! - Let's go! - Grab the beer and let's go! - The last game now girls. All ready. Only beautiful women on stage, what a temptation! Here we have two beautiful eye drops! Sandy and Cindy! Two beautiful women who are running for the title of bikini girl. -May the best waitress win. -May the best win! In the meantime that the show is about to start, all attention is on the girls. Girls, this test is the sitting one!

The girls are going to give you tequila and sit in your face. Here we have Cindy, Sandy, Miranda and Peggy and Cassandra.

For this game let's call five boys, the girls will fill you with tequila and sit down and you. -Come on men the girls are waiting. Cindy and the other girls are sensually smoothing the tequila bottles. Sandy rolls and squirts tequila between her breasts. The boys were excited by the game. Five boys including Benny, Bug, Mite take the stage. - I want tequila! - Exclaims Benny. The rules are passed on to the five girls and the five men. You go under them, understood? - Girls fill their faces with cachaça! - After filling them with drink then you can take a seat on them. - Dale tequila! As the music starts the mess, Cindy fills Mite with Cachaça and then sits the erogenous zones in his mouth, something happens because she sighs and moans very tasty, kinda dizzy and, Mite gets up and goes to Sandy, the naughty girl is very exciting, she all euphoric, douses Mite with tequila and then sits almost suffocating the poor guy with her pussy, the stimulus was so great that we can see Sandy enjoying right there, because the nymph is trembling and eyes looking at the sky. - Ai Mite sticks his tongue, sucks. She turns to herself and covers her little mouth. Benny also goes to the tequilada, drinks the bottle Cindy is with, but she doesn't fully sit on Benny's face she just brings her panties closer, Benny's vision (camera) is of the perinio coming down from the girl, but she puts her hand on the his mouth so he doesn't venture to anything else, she repeats the process to the other boys.

Apparently Mite was the winner, with two pussies in the face. Benny also felt Miranda's sweet warmth. - Vote for me Benny. -Benny choking starts to hit the ground as if he was surrendered. The action is repeated, there are five sips of tequila and five smacks in the face, for each boy. After the round was over, each boy drank five sips and were well served, enjoying the girls' panties, but apparently Cindy's sitting was the sexiest, after all she's the only one in lingerie. - If I knew that the challenges would be like this, I would have come in lingerie and garter belt. - mumbles Miranda. Bug enjoys the sexy dance Peggy does down her butt and into her boyfriend's face. It's time to choose which was the most delicious "tequilada". Joe shows a pot and asks the stage participants to vote for the girls. Each man can choose two girls. - Can I choose 2 girls? - That's right! You can choose, imagine you're going to have sex with two girls now! - Who would it be? Benny and Mite already lust after Cindy, Miranda subtly points to herself, even indicating Benny to vote for her. - The camera focuses on the participants placing their vote in the pot. One of the participants, already drunk, barely manages to vote. He just points to the girls he chose saying:-I voted for you and for you! And he falls asleep on the floor. Counting is performed. After the result Cindy gets five points, Miranda gets three, Sandy and Peggy gets one point each, and finally Cassandra gets zero points. - In that account indicates that Cindy would win powder unanimity if we closed the contest now! - Cassandra, thanks for participating, go have a beer there in the cafeteria on my own. But we have a test and we will still give the chance to the girls who were tied in the score, to try the tiebreaker! - Do you want to remain girls? Do you want to try the tiebreaker? -Yes!

Very good! We already have two girls who are qualified! Cindy and Miranda. Who were in the best positions! Making a gesture and laughing Bug plays with the word "position". - Peggy and Sandy are tied, for the tiebreaker we will play the ball game!

The audience vibrates with the expectation of this test of the game, - This test will define the tiebreaker between Sandy and Peggy. - The rules are very simple, says Joe looking at the beauties. This test is the most snotty! Mite and Juanito bring a rubber pool to the stage, filled with jelly. You must go into the pool with green jelly and find the tennis ball, and carry it between the melons, and put it in the pot without dropping it. The girls enter the pool and whoever finds the ball can leave, carrying it between their breasts.

It's a little difficult to find the ball among so much jelly. Sandy finds the ball, and when she goes to get up Peggy pulls the tie on her bikini, causing a fury between the two girls, even without the bikini Sandy gets up with the ball between her breasts, squeezing and hiding her nipples. As there is only one ball in the pool, Sandy will be the winner. - Congratulations! - Applause for kitten Peggy! We have the tiebreaker, Sandy is still in the game! - Sandy (even with an untied bikini) jumps in ecstasy for victory. Bug whistles at the girl. -We are close to contemplating the winner of the first Bikini Girl contest! - Girls are ready for one more test! You already know if they have a tie, it's gelatin bath again! - If they have different grades, the classification will come out right away! After the victory, we will celebrate drinking lots of beer, lots of drinks! Peggy approaches Bug and, thinking that she's going to get a kiss, gets a push. - You didn't vote for me, you idiot! - Bug tired of always being snubbed, replies. - That goes away, Cindy really deserves to win! She is very polite, always treated me very well, she is very beautiful and hot! - You're just a pretty face, an empty girl, without salt! And no sugar!

Juanito brings the pizza! - Ask for Joe. - The five boys will now do the pizza with the girls. Or rather, four boys, as one of the participants has already locked all four wheels! The four of you should eat the pieces of pizza the girls will hold near your crotch. And give the grade later.

In this new round are the girls Cindy, Miranda, and Sandy. - Take a spin. Lots of whistles. Start the game. With each mouthful, the game becomes more exciting.

The girls hold the triangle-shaped piece of pizza down. Mite will eat the pizza Cindy holds. The camera focuses on the food next to Cindy's vagina, then focuses behind the girl Mite puts her hands on Cindy's ass. The tasting scene, as well as eating pizza can enjoy Cindy's erogenous zones, and then he moves on to the next girl, and eating pizza enjoying Miranda and Sandy. The others do the same process. Bugg when he goes to put his hand on Cindy's ass she pushes him and says no, no. Looking down in a merciless tone, he says to Benny, "That little ass already has an owner, and it's not you." Sandy the naughty girl from the video store is all freaked out and when Mite comes over for pizza she says: You're supposed to be eating me all over now. Mite just eats his pizza, admires that beautiful landscape a little, the center of the crack and goes to the next girl. After eating three pieces of pizza each they vote. There are four boys who can choose two girls, that is, we will have a total of 8 choice points. The compilation of votes follows. Finally comes the result by voting. How can you choose two girls each. The result is favorable for Cindy with 4 votes 3 for Miranda and 1 for Sandy. - Cindy qualifies for bikini girl first! - Congratulations, the crowd is thrilled! The other girls applaud the winner, Mite who is on stage kisses her. We have first place, second place and third place!

-I can't believe I won! I did not expect it! Mite runs and hugs Cindy they kiss. Mite covers Cindy with a towel and they walk down the beach. Vibrant applause for the two of them, as they walk people back away, making room for them. If it were a movie, it would follow the credits and as shown by the authors' credits, the scenes change. The boys playing video games, Benny, Bug and Juanito pouring the girls beer. Peggy and Susie delighting eating Banana Split, Sandy parading and dancing sensually by the counter totally naughty giving tequiadas to the boys. Joe stuffing his pockets. And by focusing once more on Cindy and Mite, they're enjoying the night more, a much hotter night! The scene focuses on the couple kissing on the bed, Cindy underneath and Mite pulling up the girl's bra. The breast is exposed, a few kisses, they smile at each other and the camera starts to move away, from the bed, from the bedroom, walking out of the house, through the window. And if you hear a horn. Foom! Foom!
